

## The *Science* family of journals

Institutional subscriptions to the *Science* family of journals (*Science*, *Science Signaling*, *Science Translational Medicine*, *Science Immunology*, and *Science Robotics*) provide online access to organizations, including academic institutions of all levels, government bodies, research institutes, hospitals, and corporations.

The *Science* family of journals also includes *Science Advances*, for which no institutional subscription is required as it is a gold open access journal.

<b><i>Science Online</i></b> ISSN: 1095-9203	<i>Science</i> is the world's leading journal of original scientific research, global news, and commentary from a society publisher. An online subscription provides access from 1997 to the current issue, including prepublication articles.
<b><i>Science Classic</i></b> ISSN: 1095-9203	<i>Science Classic</i> provides access to the digital archives of <i>Science</i> from its first issue in 1880 through 1996, delivering over a century of high-impact scientific literature.
<b><i>Science Signaling</i></b> ISSN: 1937-9145	<i>Science Signaling</i> enhances readers' understanding of regulatory biology at all scales and across all kingdoms.
<b><i>Science Translational Medicine</i></b> ISSN: 1946-6242	<i>Science Translational Medicine</i> integrates medicine, engineering and science to promote human health by translating research from bench to bedside and back again.
<b><i>Science Immunology</i></b> ISSN: 2470-9468	<i>Science Immunology</i> publishes original research to facilitate understanding of the immune system, showcasing advances in the field and drawing from studies in organisms and model systems including humans.
<b><i>Science Robotics</i></b> ISSN: 2470-9476	<i>Science Robotics</i> reveals how robotics is utilized in scientific research, medical treatments, and industry. Science for robotics and robotics for science.
<b><i>Science Advances</i></b> ISSN: 2375-2548	<i>Science Advances</i> is an online-only gold open access journal with significant, innovative research across multiple disciplines to advance the frontiers of science. All <i>Science Advances</i> content is free to the public.

For more information about the scope and breadth of the *Science* family of journals, please contact [LibraryRelations@aaas.org](mailto:LibraryRelations@aaas.org).

## Why subscribe via an institutional license?

An online subscription to *Science*, *Science Signaling*, *Science Translational Medicine*, *Science Immunology*, or *Science Robotics* provides 24/7 access for your patrons, whether on site or off-site. Off-site access is available via IP authentication, including proxy server IP's. As of 2017, remote site access is also available via OpenAthens and Shibboleth.

In addition to the latest research, news, analysis, research, and commentary, your patrons can watch videos, listen to podcasts, and download PowerPoint slides for their presentations.

- **Perpetual access rights.** Our standard license provides perpetual, or post-cancellation, access rights provisions via Portico.
- **Text and data mining.** Text and data mining rights for non-commercial uses are included in our standard license.
- **FTE based pricing for non-profits.** Non-profit customers remain on full time equivalent (FTE) based pricing
- **Deep discounts.** We offer bundle discounts of up to 15% for organizations that purchase more than one *Science* title.
- **Science First Release.** *Science* articles published online ahead of print, what was our *Science Express* product, is now included in every *Science* license.

To request a quote, set up a trial, or receive further information about institutional licensing, please contact our customer service team at [scienceonline@aaas.org](mailto:scienceonline@aaas.org) or call 1-866-265-4152 (USA) / +1-202-326-6730 (international).

## Pricing for new customers

If you are interested in becoming a new institutional subscriber to one or more of the *Science* family of journals, please contact our customer service team at [scienceonline@aaas.org](mailto:scienceonline@aaas.org) or call 1-866-265-4152 (USA) / +1-202-326-6730 (international). We would be pleased to provide you with further information about our journals, to arrange a trial, and to address any questions. For information on list prices for our journals, please see below.

## Pricing for current customers

If you are a current customer (at any type of library), please contact our customer service team or your authorized AAAS|Science subscription agent.

## Non-Profit Institutions

FTE-based pricing for all journals

*Rates listed below apply to new subscribers only. To receive a 2019 renewal quote for existing institutional subscriptions, please [contact AAAS](#) or your authorized subscription agent.*

Tier	FTE Count	<i>Science Online</i>	<i>Science Signaling</i>	<i>Science Translational Medicine</i>	<i>Science Immunology</i>	<i>Science Robotics</i>
<b>Tier 1</b>	0-999	\$ 3,299	\$ 2,874	\$ 2,668	\$ 2,314	\$ 2,082
<b>Tier 2</b>	1,000-2,999	\$ 5,701	\$ 2,985	\$ 3,079	\$ 2,645	\$ 2,379
<b>Tier 3</b>	3,000-9,999	\$ 9,156	\$ 3,225	\$ 3,554	\$ 2,976	\$ 2,677
